About

Detail-oriented and dedicated Front-End Software Developer with a solid background in creating scalable and performant web applications using cutting-edge technologies such as React, Next.js, JavaScript, TypeScript, Node.js, and Figma. Proven expertise in full-stack development, software architecture, UI/UX design, and seamless integration of hardware and software components. Experienced in crafting visually rich applications and enhancing user experience. My last role at VLB Berlin, where I transitioned from a student role to a junior full-stack developer, I took on responsibilities for end-to-end project management and development.

Work experience

Software Developer | VLB- Berlin e.V. 2019 - 2024
React | NextJS | GitHub | Javascript | TypeScript | Node.js | Figma | Tailwind | MongoDB

At VLB Berlin I started as student frontend developer for a web-based laboratorial beverages' quality control software. In the last 2 years I became the fullstack developer and responsible for the entire project. In 5 years in this role I had the opportunity to learn and work with development full cycle. Software architecture, databases, UI, UX, hardware / software integration and upgrading programming languages.

E-commerce Manager | Cloudhouse UG 2015 - 2018
Magento | CMS | Postgresql

Dedicated E-commerce Manager and System Administrator with expertise in directing, optimizing, and coordinating the full cycle of online stores. Proficient in planning and managing logistics, warehouse operations, transportation, and customer services directly through robust web systems. Proven track record in enhancing operational efficiency and ensuring seamless online shopping experiences.

Audio-visual Media Coordinator 2008 - 2014
[Latinstock/A+V/Zarpa Media](#)

Started as General Management and trader logistics between publishers and TV channels. With the market's transition from analogic to digital media, my role was to be the technical responsible person to the Brazilian market integration AV, codecs, hardware and software integration.

Education

Medieninformatik 2019 - 2021
Berliner Hochschule für Technik (BHT)

B.Sc. Social Communication & B.A Media and Broadcasting 2005 - 2008
